STRATEGIC VISION

Good Governance, Social Justice, and Prosperity

> *Structural transformation of the economy through productivity growth, green energy, human capital excellence, and accountable digital governance.*

Spanning fiscal years 2081/82 through 2085/86 BS, the Sixteenth Plan aligns Nepal with LDC graduation readiness and Sustainable Development Goal (SDG) 2030 milestones.

QUANTITATIVE TARGETS

Five-Year Macroeconomic & Social Benchmarks

- Economic Growth Rate: Target average real GDP growth rising toward 7.1%–7.3% by the final year of the plan.
- Poverty Reduction: Lowering absolute poverty incidence from 20.27% (NLSS IV) toward single-digit trajectory (~12%).
- Clean Energy & Infrastructure: Expanding installed hydropower generation capacity and regional cross-border power trade.
- Human Capital & Digitalization: Universalizing quality secondary education, health insurance coverage, and interoperable e-governance portals.
